

# The Society of Global Network of Bangladeshi Biotechnologists

March 31, 2026

## Call for Expressions of Interest: Executive Member – Media Section

**Dear student Members,**

The Global Network of Bangladeshi Biotechnologists (GNOBB) is evaluating plans to update and enhance its media section. To this end, we are looking for two active student members to join our leadership team as **Executive Members of the Media Section**.

As GNOBB continues to expand its global footprint in bridging the gap between researchers, industry, and policymakers, our Media Section plays a critical role in communicating scientific breakthroughs and organizational milestones to a worldwide audience.

### The Role

The selected members will work under the guidance of senior members of the section, and will be instrumental in shaping the public face of GNOBB. Key responsibilities include:

- **Content Oversight:** Guiding the creation of newsletters, press releases, and digital content that highlight the achievements of the GNOBB members and Bangladeshi biotech community.
- **Network Engagement:** Enhancing our online presence and fostering engagement through social media platforms like face book, LinkedIn, X etc.
- **Digital platform management :** Serving as a liaison between the executive committee members and webmaster to update the contents of both platforms.

### Qualifications

We are looking for student members who can offer:

- volunteer time for the organization
- experience in digital media and communications
- good communication skills
- a collaborative spirit and ability to work in a team environment

### How to Apply

If you are passionate about science communication and wish to contribute to the growth of GNOBB, please submit a brief **Statement of Interest** (around 300 words) and your **CV** to [gnobb.org@gmail.com] by April, 20, 2026.

Sincerely yours

Dr. Zeba Islam Seraj  
President  
GNOBB

Dr. Abidur Rahman  
General Secretary  
GNOBB
